

Leading Primary Maths

A special two-day event with

Anita Chin

Want to drive sustainable improvement in maths at your primary school?
Anita Chin's special two-day conference is for you!

In this special two-day event, Anita will open the doors on her 'trade secrets', sharing the approach she has used to transform the teaching of maths in her Learning Journey schools across NSW.

This is a rare opportunity for a team of current and aspiring leaders to learn together, gaining the skills and strategies they need to lead improvement in maths at your school. They will leave the event inspired and empowered to implement their learning immediately.

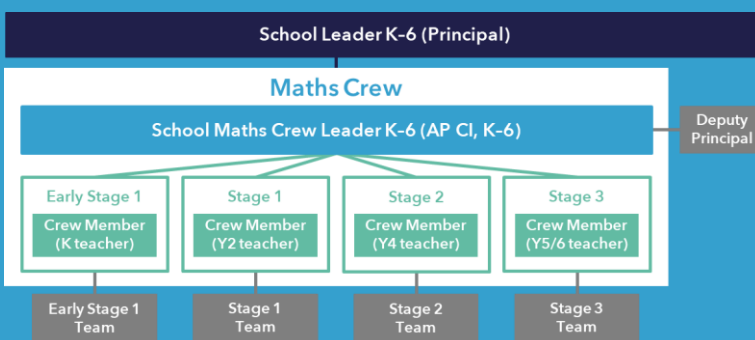

If your School Improvement Plan is focussed on maths for 2023–2024, then this is the event not to be missed!

About Anita Chin

With more than 25 years in maths education, Anita Chin's inspirational and practical approach has made her one of the most influential experts in primary education in Australia. She empowers teachers to transform the lives of children through maths.

Empower a team to lead maths

Anita believes a whole-school approach to maths is best led by a 'Maths Crew'. A Maths Crew is made up of classroom teachers led by a school leader, and supported by the school executive.

Who should attend?

Send a team of up to 8 educators – a mix of classroom teachers and school leaders:

- the Principal or Deputy Principal
- AP Curriculum & Instruction
- Assistant Principals
- Current and aspiring maths leaders

What you will get

Each participant receives:

- Anita Chin's Primary Maths Framework
- Anita's Chin's Ultimate Toolkit folder packed with leadership tools and classroom-ready resources
- 2 days of high intensity PL with Anita Chin
- conference bag, morning tea and lunch

Each school receives:

- Anita's 360° School Reflection Tool
- a selection of Anita's Accountability Tools

The Epping Club, Sydney
